

Your Name + Surname : **Endika BENGOETXEA**

Campus: Uccle

Class children : P3FRb & P4FRb

Profession / Occupation : Research Project Manager

Your current commitment within the APEEE and/or the APEEE Services:

- CE Primary/Kindergarden representative of the FR section since September 2021
- Observer in APEEE Services Committee Cantine

What are your motivations for joining the APEEE Services Board of Directors ?

I have been for 1 year observer in the Canteen Committee of the APEEE Services and I was surprised by the complexity of the work done by the APEEE Services. I would like to contribute to this.

I have been CE representative of the French section and I received many remarks and even complaints about the service that I wanted to see by myself so I volunteered to the Canteen Committee. I could see that there is a lot of misunderstanding among parents about the context in which the APEEE Services works. I would like to explore how the communication channels between parents and APEEE Services can be improved.

What is the experience/added value you can bring?

I have been director of a university Campus in San Sebastian (Spain) during nearly 5 years. We had 11000 students and 1200 teachers at that time. I am aware of the complexity of education institutions of the size of the EEB1. My experience also showed me different ways of finding compromises when there are different challenges both in terms of resources and at human level, and also the importance of ensuring proper communication between students-teachers and parents.
