**What are your motivations for joining the Board of Administrators of the APEEE Services?**

I am deeply committed to ensuring that our children receive **high-quality, balanced and flavourful meals** at the school canteen. Over the past years, the canteen has already taken significant steps in this direction, and I would like to contribute to **sustaining and expanding these efforts**.

I believe it is essential that all initiatives related to nutrition, sustainability and meal quality be conducted in a spirit of **transparency, openness and regular consultation**. The canteen plays a central role in the daily life of hundreds of pupils, and its decisions should reflect the expectations and insights of the largest possible number of families.

Beyond food quality, I am also strongly motivated by the desire to **support the school community**.

In short, I am applying because I want to:

- contribute to **high-quality meals** for our children,
- ensure as much as possible an **inclusive canteen** for children with allergies or special dietary needs,
- promote **open governance and constructive dialogue**,

**What is the experience/added value you can bring?**

I manage complex projects with calm, structure, and efficiency. And yes — I'm French. Which means I consider good food a national mission. I bring a built-in obsession for quality, flavour, and customer satisfaction.
