**Your current commitment within the APEEE and/or the APEEE Services:**

- Class parent representative since Q3 2021
- Member of the APEEE Services Committee Cantine
- Treasurer of APEEE services since Q2 2025

**What are your motivations for joining the APEEE Services Board of Directors ?**

I have been acting as APEEE Services treasurer since Q2 2025, after the previous treasurer left the school. I have invested quite some time in getting up to date with the APEEE Service working methodology for the finances and I would like to continue working on it.

As class parent representative since 2021, I regularly received many remarks and even complaints about the services of the APEEE Service and I wanted to learn first-hand how these services work. During these years I realised that there is a lot of misunderstanding among parents about the context in which the APEEE Services works. I would like to continue working on the communication channels between parents and APEEE Services.

**What is the experience/added value you can bring?**

In the 2000's, I have been director of a university Campus in San Sebastian (Spain) during nearly 5 years. We had 11000 students and 1200 teachers at that time. That is why I am aware of the complexity of education institutions of the size of the EEB1. My experience also showed me different ways of finding compromises when there are different challenges both in terms of resources and at human level, and the importance of ensuring proper communication between students-teachers and parents.
